

HOBART received STAR AWARD 2018

Offenburg – At the international trade fair INTERNORGA, HOBART received the silver STAR AWARD. In the 'Innovation' category, the manufacturer of commercial warewashing equipment convinced with its innovative rack-type dishwasher: Efficient, economical, and easy to handle, it provides superior wash results and improved drying capacity. During the major trade show for the catering and hotel industry in Hamburg, the readers of the journal TOP HOTEL award the prizes for the best products and services for the hotel industry. More than 4,300 TOP HOTEL readers voted for their favourites.

"The Star Award is a meaningful and important prize, and the fact that we received it proves the high acceptance of our innovative products by our customers. We are very proud of this prize and want to thank all customers and readers for their trust in us," says Manfred Kohler, Vice President / General Manager for Sales and Manufacturing of HOBART GmbH.

Rack-type dishwasher: Innovative – economical – ecological

With the enhanced rack-type dishwashers, HOBART offers its customers several meaningful improvements. There is for example the automatic self-cleaning programme as well as the innovative RACK-FLOW sensor system, which doubles the number of racks which can be cleaned consecutively in one-man operation. In addition to being highly reliable and delivering perfect wash results, the new dishwashers are intelligent. The smart machines detect empty sections or different types of wash ware and automatically adapt to the respective situation. This saves operating costs and valuable resources.
